#### **Aims and scope**

European Journal of Cell Science (EJCS) aims to become a leading international peer-reviewed academic journal, publishing high quality research and analysis on all aspects of cell biology. The journal is published on monthly basis by European Academy of Applied and Social Sciences (EURASS), France.

The aim of the EJCS is to publish the research work in any field of experimental biology including the major areas of cell science such as aging and stress responses, autophagy, biochemistry, bioinformatics, biology of organelles, cancer, cell biology, cell division, cell metabolism, cell physiology, cellular kinetics, chromatin biology and genome organization, differentiation, disease mechanisms, DNA replication, recombination, and repair, enzyme mechanism and natural product biosynthesis, epidemiology, evolution, fertilization, genetics, genomics, glycobiology, growth, immunology, lipid metabolism, microbial pathogenesis, microbiology, molecular biology, morphogenesis, neuroscience, proteomics, regeneration, RNA processing and decay, signaling, systems biology, therapeutics, transcription, translation and virology.

The scope of the journal is not limited to these subjects or research areas. Any other topic related to cell biology can be submitted in this journal.

For further details and information about this journal, write us on the address given below or contact by sending email to Managing Editor ([managing-editor@eurass.com](mailto:managing-editor@eurass.com)) or Editor-in-Chief ([ejcs@eurass.com](mailto:ejcs@eurass.com)).
